THREE KILLED AND TWO HURT IN CRASH AT ANDERSON LAKE

Two Men and Woman Victims of Airplane Accident Near Bridge River Gold Field—Fog Over Water Blamed for Tragedy—Injured Are Taken to Vancouver

VANCOUVER, Aug. 16 (CP).—Fog hovering over Anderson Lake, 115 miles north of Vancouver, was believed responsible for the loss of three lives, one a woman, and the serious injury of two other occupants of a seaplane operated by the Wells Air Transport Company, which crashed into the lake at dusk, Tuesday evening.

The machine, piloted by Gordon K. Mackenzie, left Vancouver for Bridge River at 7 o'clock, carrying five passengers.

PERISH IN CRASH
Ernest Dean, thirty-eight, with his wife, a bride of a few months, bound for Bridge River, and W. J. Butt, fifty, Vancouver business man and proprietor of McGillivray Lodge near the scene of the accident, lost their lives, while Pilot Mackenzie sustained head injuries and Olie Beaser, Prince Rupert mining man, received a fractured skull and other injuries.

The condition of the two men, who are in Vancouver hospitals, was reported as fair early this evening.

PLANE IS LOCATED
A coroner's inquest into the death of Butt is being held tonight at Darcy, B.C. Mr. and Mrs. Dean had not been recovered early this evening. The wrecked seaplane has been located in 300 feet of water and has been hooked. It will be raised as soon as possible, it is believed, and the bodies will be found in the cabin of the machine.

A Gray Parker, the sixth occupant of the machine, escaped with only minor hurts.

Earlier reports stated that the seaplane was having difficulty in maintaining altitude, but, according to Parker, the real trouble was due to a fog which covered the lake as the plane approached the shore.

DESCRIBES HAPPENINGS
Pilot Mackenzie made a beautiful passage through the mountains into Anderson Lake, Parker said today in describing the accident. "It was getting quite dark and we were heading for a landing on the lake to drop Mr. Butt. Just as we came down we could see a fog over the water. Mackenzie eased his machine down to the lake."

JEWS IN CLASH WITH GENTILES

Display of Swastika in Toronto Sign for Rioting by Youths

TORONTO, Aug. 16 (CP).—Hundreds of infuriated Jewish and Gentile youths clashed, and a mob of 10,000 surged riotously around Willowdale Park, just as we came down we could see a fog over the water. Mackenzie eased his machine down to the lake.

One Jewish youth was struck over the head with a baseball bat, dozens of others received less serious injuries, fist fights and free-for-all raged all over the park, and order was finally brought after police reserves rushed to the park.

In one confused mass a section of the crowd, numbering more than 3,000, surged across the park and over the hill toward the mob. Fighting broke out when Jews recognized Gentiles as the mob overhauled into Blower Street.

POLICE TAKE HANDS
Jewish youths overtook the four boys with the quilt, and proceeded to beat them and tear the flag away. Police drew their truncheons and scattered them to a police car. Rioting broke out at the close of the baseball game between Harbord and St. Peter's junior teams at Willowdale Park. In the north-western section of the city, The teams were playing their third game in the park, and the initial engagement of a week ago had been marked by a similar but smaller demonstration.

GUN SQUAD WILL GUARD JAIL CELL

Taking No Chances With Prisoner Suspected of Kidnapping Charles Urschel

DENVER, Colo., Aug. 16 (AP).—Disclosure here today of a thwarted plot to kidnap a "200,000" victim, Guy Waggoner, fifty, Port Worth sportsman and oil heir—was followed by placing a machine gun squad on guard over the cell of Albert Bates, jailed as the kidnaper of Charles Urschel, of Oklahoma City.

Capture of Bates and Harvey Bailey, alleged leader of the Urschel abductors, foiled a plan to kidnap Waggoner from his palatial Colorado Springs home.

"I'm taking no chances with Bates," said Captain of Detectives William Armstrong after he stationed machine gunners at Bates' cell.

Liberal Leader Says C.C.F. Property Confiscation Would Cause Revolt

ESTEVAN, Sask., Aug. 16 (CP).—Confiscation by the Co-operative Commonwealth Federation of the property of Canadians would mean civil war, Rt. Hon. W. L. Mackenzie King stated to a large audience here tonight. He was reviewing the programme of the C.C.F. in respect to state ownership and operation.

On the other hand, if the C.C.F. attempted to purchase the great industrial, transportation, financial and other activities with money printed for that purpose, the value of the money would become greatly lessened. The proposal was practically impossible.

HONEST STATEMENT

Quoting from an Eastern newspaper, Mr. King said Miss Agnes MacPhail now said the programme of the C.C.F. could only be accomplished over "a long long time." He thought that was an honest statement, but it was not what many of the C.C.F. speakers were saying. They were saying elect us and these things will be done, he declared.

Eleven Left Dead in Wake Of Heat Wave

SAN FRANCISCO, Aug. 16 (CP).—Rains and sea breezes cooled a thin western edge of the city today, while intense heat continued to hold most of the vast Western Interior area from Canada southward in an unrelenting grip. The Pacific Coast heat toll stood at eleven deaths.

Fires raged in the Kanikau and Pend Oreille forests of the North, but squads of weary, sweating firefighters had the flames of several blazes somewhat under control late today. In the Sierras at several points the fires raged.

BICYCLIST DIES FROM INJURIES

William Hitch Fractured Skull in Collision—Inquest on Friday

William Hitch, of 3060 Donald Street, died at 6 o'clock yesterday morning from injuries received in an accident at the intersection of George Road and Douglas Street on Tuesday afternoon.

Mr. Hitch suffered a badly fractured skull and fractured right arm when he was thrown from his bicycle, which was in collision with an automobile driven by H. Rowse, of 754 Flagstaff Street.

The body was removed from the hospital to the morgue on Tuesday afternoon. Mr. Hitch was a waterfront worker and a member of the International Longshoremen's Association.

Surviving him are his widow, who has been a patient in the Jubilee Hospital for some time; two daughters, Florence, residing in England, and Ruth, aged five, at home, and one son, William, who at present is at sea aboard the cableship Restorer.

Parisians Cheer Their Air Heroes

PARIS, Aug. 16 (AP).—Several thousand persons today cheered Maurice Rosal and Paul Odoas of the City Hall, where they were greeted on behalf of the city of Paris in recognition of their recent flight from New York to Rayak, Syria, which set a new distance record.

The flyers landed at Le Bourget earlier in the day, following an escort of six planes. They were greeted there by approximately 500 persons, most of them officials.

Record-Seeking Aviator Installs Sleep-Banishing Devices

NEW YORK, Aug. 16 (AP).—General Francesco De Pinedo expects to lift his six-ton monoplane, laden with 1,100 gallons of gasoline, from Floyd Bennett airport, tomorrow morning, cross the Atlantic, circle Rome and then fly eastward to wherever winds, fate, and his own judgment will take him.

He has devised two methods for keeping awake. The first method involves a siren, which automatically screams when the plane's position varies from the true course. The second consists of a gadget which will squirt water on his face in case the first method fails to awaken him.

THREAT OF FAST TO DEATH AVAILS

POONA, India, Aug. 16 (AP).—Threat of a fast until death enabled the Mahatma Mohandas K. Gandhi to regain, today, privileges he formerly had as a political prisoner. This he will be able to continue his campaign for the regeneration of "untouchables," India's lowest class.

After the Mahatma announced at noon that he would start the fast, the British Government came forward with a number of concessions. It announced its willingness to provide the Nationalist leader with facilities enabling him to continue, under certain conditions, his campaign to better the status of the "untouchables."

Gandhi's final agreement to the Government's terms was awaited this evening.

Railway Revenues Showing Increase

MONTREAL, Aug. 16 (CP).—Gross revenues of the Canadian National Railways for the week ending August 14, 1933, were \$2,752,804, as compared with \$2,579,953 for the corresponding period of 1932, an increase of \$172,851.

SEVENTY DEAD AFTER STORM BRINGS FLOODS TO JAMAICA

Bridges and Buildings Swept to Destruction and Crops Ruined—Rush of Rapidly Rising Water Traps Victims in Homes and Tears Children From Mothers' Arms

Broken Communications Hamper Damage Estimate

KINGSTON, Jamaica, Aug. 16 (AP).—Seventy persons were drowned early, today, in floods which struck this city and Parishes of St. Thomas, St. Catherine and St. Mary, following a storm accompanied by lightning and high wind. Damage was estimated at approximately \$2,000,000, as bridges and buildings were swept away and banana plantations leveled. One hundred houses were abandoned, they were damaged so badly.

The Government established relief stations to care for the homeless.

Worst in Eighty Years

The storm, which lasted six hours, was described as the worst in eighty years. The water rose as high as six feet in the streets, and rushed through dwellings, washing away many occupants trapped within. Cries of victims were heard from 2 o'clock in the morning until dawn.

Two children were swept away from their mothers' arms by the floods and drowned.

STREWN WITH WRECKAGE
The weather had improved later today but the suburbs and city were strewn with wreckage. Many houses were struck by lightning, and railway and telephone services were disrupted.

Known deaths were confined chiefly among the poorer residents of Kingston and St. Andrew, who were trapped by the rising waters as they roared through the low-lying district adjoining the rivers.

In the rural sections of Jamaica, communication lines were down, and it was impossible to estimate extent of the damage.

MASSACRE IN IRAQ REPORTED

London Paper Says 300 Assyrians Are Killed and Prisoners Shot

LONDON, Aug. 17 (AP).—The Daily Herald reported today more than 300 Assyrian Christians had been massacred in a village in Northern Iraq within two miles of an Iraqi army camp.

Killings were attributed to the Iraq troops in Northern Iraq who was said to have used Kurds to attack the Assyrians as they were returning from French Syria after recent border disturbances.

SUMMARILY SHOT

The commander also was alleged to have caused fourteen Assyrian prisoners to be summarily shot. The Herald said the affair would be investigated by the League of Nations.

More than 100 persons were reported killed early this month in savage warfare between the Assyrian army and Assyrian Christians who crossed into Syria from their territory in Iraq.

WERE DISSATISFIED

The Assyrians were said to have been dissatisfied with arrangements made when the British mandate over Iraq was ended.

Dispatches from Baghdad said resentment had been aroused there by stories alleging that Assyrian Christians had burned bodies of Iraq soldiers killed in border fighting. Groups of Assyrians were reported being rounded up by troops who were combing the hills.

HUNDRED SEARCH FOR LOST YOUTHS

Airplane Seeks Foothills of Mount Rainier Without Success—Dog to Aid Hunt

SEATTLE, Aug. 16 (AP).—The hunt for air for Edward Pothering, sixteen, and Frank Rey, twenty, Wilkeson youths lost in the foothills near Mount Rainier for a week, proved unsuccessful today, and the posse of upwards of 100 searchers pinned new hopes on the dog Arnold Von Minkler, famed man-hunter.

Frank Whaley, Boeing field pilot, and his observer, Eric Whalen, returned after flying low up the White River Valley and examining the terrain with field glasses, with no reports. The region, however, is thickly forested.

Meanwhile, the dog, in the care of its trainer, A. C. Sanderlin, arrived at Buckley today, and was soon taken out on the trail.

SEATTLE, Aug. 16 (CP).—The municipal street railway decided to paint its orange cars red and green. Citizens set up such a commotion for and against the color scheme, a committee from the Seattle Art Museum is to pass on the matter.

LURED AWAY BY SEAGULLS

Victoria Parrot Found on Gossip Island in Gulf of Georgia

This is the story of a parrot, or rather of two parrots, although the dead one is only incidental in illustrating the fact that coincidences do happen and are somewhat unusual at times.

Mrs. Latham, of 2664 Blanshard Street, owns a Chinese parrot, has owned one for twenty years. Naturally it had become a great pet and was highly valued in the Latham household, and when it vanished from the summer camp of Mrs. Latham and her daughter, Miss Florence Clough, at Cadboro Bay recently, more or less worry resulted.

DISAPPEARS SUDDENLY

The parrot, a white one, had been free to come and go as fancy moved it; but when it had not returned after an absence of several days, it was decided to insert an advertisement in The Colonist, telling of the loss and describing the bird.

The advertisement was read up on Gossip Island, a summer resort on the Gulf of Georgia side of Active Pass, and adjacent to Galiano Island. A white parrot had landed there in company with a convoy of gulls, and had become quite a nuisance to the guests, having a penchant for pecking at the limbs of the sunbathers, whether because it objected to the scantiness of the costumes worn or wanted to be deported is not clear. At all events there was no time lost in acquiring the services of the Victoria gulls and Vancouver Island gulls.

NEW YORK, Aug. 16 (AP).—Today the mythical blue pennant for the westward Atlantic crossing was won by the Italian liner Rex, when it cut two hours off the previous record by completing the run from Gibraltar to New York in 4 days 13 hours and 58 minutes. Ploughing through fog and headwinds, the Rex made an average speed of 28.92 knots an hour over a 3,181-mile track.

Outlook Improved By Recent Decline In Costs of Relief

Survey in Ontario and Western Provinces Shows More Than Seasonal Increase in Payrolls—Gives Governments Encouragement

By ALEX. PRINGLE
Canadian Press Financial Writer.

TORONTO, Aug. 16 (CP).—Substantial drop in unemployment relief costs throughout Canada, in the last two months, is giving Governments, national, provincial and municipal, grounds for hope the load is being more than seasonally lightened, and gradual tapering off in expenditure may be expected.

Figures gathered by the Canadian Press in Ontario and the Western Provinces reveal a considerable flow from relief columns to regular payrolls as industry starts here and there into new life.

IMPROVEMENT IN ONTARIO

In Ontario, where relief expenditures reached a total of \$17,000,000 in the eight months between November 1 last and July 1 this year, the figures permit the 25 per cent drop in direct relief costs in May and June reflects decided improvement.

In British Columbia ranks of unemployed were thinned to the extent of 22,000 between March and June. The number of men in Federally maintained camps was also reduced by about 2,000 in the period. The number under provincial care in March was 132,838, April 128,400, May 120,215, and June 110,449. Improvement in the relief situation is due to the fact thousands of men have been absorbed by lumbering.

FOURTH VICTIM OF LAKE SQUALL FOUND

WINNIPEG, Aug. 16 (CP).—Washed up on the marshes of the Brokenhead River, the body of Francis Collingwood, fourth victim of a whistboat disaster in Lake Winnipeg ten days ago, was found late tonight. With the finding of the body of John Wilfred Birch earlier in the day, all bodies now have been recovered.

The victims were members of the Royal Canadian Volunteer Reserve here, reported missing when their craft capsized during a squall.

CATTLE JUDGES ARE APPOINTED

Professor H. M. King and John Napier Secured for Willows Exhibition

Judges for the cattle show to be held at the Willows Exhibition, September 11 to 16, were announced yesterday by W. H. Mearns, secretary of the B.C. Agricultural Association. Coupled with his announcement was the assurance from livestock men in Alberta, Saskatchewan and Ontario that they would be sending cattle here again this year.

Professor H. M. King, of the University of British Columbia, has been appointed to judge Ayrshires.

In connection with the cattle show, the big livestock parade held in past years will be repeated again this year, Mr. Mearns said. With more entries than ever assured, this parade should be one of the outstanding features of the exhibition. Mr. Mearns also stated all arrangements had been completed for the handling of a record entry of livestock. The barns, which have been repaired, are now being dismantled throughout.

SENATE AMENDS ECONOMY BILL

Would Exempt All Free State Police Officers From Pay Cuts

DUBLIN, Irish Free State, Aug. 16 (CP).—The Irish Free State Senate tonight caused a minor sensation by refusing to pass unamended the Government's Economy Bill cutting salaries of all public servants, including the Civil Guard. The Senate, by a vote of 18 to 16, insisted the bill be amended to exempt all police officers from the cut.

ATTEMPTS TO TERRORIZE
Opposition to the bill was led by Senator Michael Staines, who referred to a parade by General Owen O'Duffy's Blue Shirt National Guard to the Centenary as an attempt of the Administration to terrorize law-abiding citizens. At the same time, he declared, men armed with stones were allowed to congregate at crossroads outside Dublin and lie in wait for busloads of blue shirts coming to the city or the parade.

WOULD FORCE WITHDRAWAL
Sean McEntee, Minister of Finance, told the Dail Eireann later, if the Senate persisted in its amendment, the Government would be forced to withdraw the bill, refund cuts already made in police salaries, and find the money by means of a surtax on all incomes of more than £2,000.

home, no matter how peaceable a man is, he is going to see red."

Hon. J. E. Brownlee, commissioner, asked, if the commission was to understand Mr. Ford could not get \$100 on his personal note or on his unencumbered land, and the witness replied, "Yes."

FEDERATION'S PLANKS
W. A. Pritchard, former reeve of the municipality of Burnaby, filed with the commission the planks of the Co-operative Commonwealth Federation in regard to taxation and public finance. These included socialization of finance, financial machinery—banking, currency, credit and insurance, and a new taxation policy designed not only to raise public revenues, but also to lessen "glaring" inequalities of income and to provide funds for social services and socialization of industry.

The brief, containing the planks, was read by Lord Macmillan, when Mr. Pritchard filed it without remarks. Mr. Pritchard, later, however, remarked that provinces should be permitted to enter into the banking business if so minded. Commissioner Brownlee remarked that he knew nothing to prevent a Provincial Government from setting up a bank to operate within the Bank Act.

G. G. McGeer, K.C., addressed the commission today for more than three and one-half hours. His hearing was marked by a clash between him and Lord Macmillan, when the chairman termed a "monstrous" what he considered a suggestion by Mr. McGeer that he was receiving remuneration other than out-of-pocket expenses. Mr. McGeer said he did not intend to intimate the chairman was anything but unbiased, and the heated exchange finally passed away in smiles.

WANTED HIS LUNCHEON
Later, Mr. McGeer asked that the commission adjourn, so that he be given an opportunity to resume afterwards. The chairman ruled that the sitting should continue until Mr. McGeer was finished. The witness accordingly continued until 2:15 p.m. He termed himself the representative of the "wage earner," and said the Prime Minister had blundered in not appointing a labor man to the commission. He declared he had appeared before scores of commissions and had never before been asked to speak beyond 1 o'clock.

Mr. McGeer went into the banking and economic situation of Canada and international finance. He declared public management of public finance must come into being. The right of banks to issue money, violated the rights of the nation. If the Government could make silver coin of 100 cents out of sixteen cents worth of silver, why pay interest to borrow money? A national bank could supply a national bank with currency, and the national bank would give the Government all the

GIRL BATTLES WITH OCTOPUS

Fights Under Water in Tank While Pictures Are Taken

MENLO PARK, Calif., Aug. 16 (AP).—A girl has to have the proper scientific spirit—or maybe just plain spunk—to dive into a tank with an octopus and stage a wrestling match for a periscope underwater movie camera.

But Florence Douglas, seventeen, did just that for her father, Leon Douglas, inventor of a periscope camera and enthusiast about deep-sea science. Douglas decided a spectacular reel would be one of a "death" struggle with an octopus. He got the octopus—a vicious specimen of the loathsome breed stretching twelve feet from arm to arm—from some Italian fishermen near Monterey.

The Chinese parrot, having made the acquaintance of sundry seagulls which daily halted at Cadboro Bay, he informed Miss Clough that he was going to follow her to the proper; for it looked a long way to the other side, but the joy at finding friends who welcomed it at first to Gossip Island was nothing to the delight which it exhibited when Miss Clough arrived at the island with a cage to claim the wandering bird.

On the very day that Miss Clough was aboard the Ss. Cruiser, the parrot, George Cassidy, had in his care a dead parrot, which was consigned to a Vancouver taxidermist. It be- came the property of Hawthorne, of Galiano Island, and had been killed by an automobile the day before. It had likewise been a pet of long standing.

Relatives of the boy screamed for help, and Miss Carter, noticing the boy struggling to keep afloat, swam to his assistance. She had to swim against a strong tide, but managed to reach the drowning boy, who had sank once or twice. She kept him afloat until two youths in a rowboat reached them and hauled them to safety.

But honestly, Mabel, it's been fun discovering how easy it is to get along without things we used to consider important. I am dressing on about a tenth of what I used to. We are eating for about a third of what it used to cost. And if you were to see me in my bathing suit, which I made myself, you'd say it was a good thing (about the food, I mean) because I've actually lost just pounds. And George beams on me as he hasn't beamed in years. We are really getting acquainted all over this fall.

George wishes to be remembered and says that if you have still got your Chevvy it would be nice to have you dash down and take in one of the football games this fall.

Lots of love,
Helen

TESTED RECIPES OF TEMPTING INTEREST. INDIAN PICKLES

Peel nine onions
Select medium sized ones and take 2 dozen ripe tomatoes, 6 large apples, ¼ lb. ground white spice, 1 qt. vinegar, 1 lb. raisins and salt to taste. Having boiled them all together for 1½ hours, strain them and add 1 lb. brown sugar, ¼ cup of Colman's Mustard and 1 teaspoon of cayenne pepper. Now boil the entire mixture for ½ hour and your Indian Pickles are ready for bottling.

And what pickles they are! Tasty enough to satisfy an epicure. More spicy and flavoured than you ever thought a pickle could be. By all means prepare some Indian Pickles and remember how very important it is that ¼ cup of Colman's Mustard.

Band of Lepers Who Cannot March and Have No Music Organized by Salvation Army—Lions, Elephants and Cobra

By GORDON SINCLAIR
MADRAS.—Just in case Bob Ripley hasn't surprised you with these "Believe It or Not," here's a couple of strange shots for the book: India sports the only band on earth which has never marched a step and never will. A band that has no music and in which no member can read music. Yet a pretty good band.

The outfit was organized by the Salvation Army last year among the "teen-age lads of Cochin State Leper Asylum. All but two of the twenty-seven musicians have a foot, or part of a foot, rotted off. That's why they can't march. None of the five trombone players have any sense of touch whatever. They, therefore, cannot manipulate the valves keys on things like flutes, French horns or cornets. Just now the boys are organizing a Boy Scout troop. None of them will live to be adults and they all know it.

NO LIONS HERE, EH?
There are supposed to be no lions in India. Experts in natural history have sworn that for years. Imagine the feeling then, of the postmaster of Rampur, Gwalior, whose brother-in-law came to visit him one day. Anxious to show his friend the local sights, the postmaster drove out to an old fort, now a ruin from the bold bloody days of the Moghuls. They were strolling around among the caves and catacombs when a lioness, sleek and powerful, came roaring out of a cave and crushed the postmaster's skull with one whip of her paw as if it had been an egg shell.

Panic-stricken, the brother-in-law ran yelling to the village where he collected a mob armed with clubs, knives, pitchforks, and ancient blunderbusses. They came roaring back to the scene of death and

found most of the postmaster still there and still very, very dead. Then, to quote from "The Madras Mail": "Villagers laid a trap for the beast and killed her. The male is now reported to be working havoc in the surrounding area."

JUMBO HAS INDIGESTION
For years it's been a popular belief that elephants, when too old to uproot trees or raid banana groves, crawl away to some mysterious Valthala to die. Experts have agreed that no elephant, except a shot elephant, has ever been found dead anywhere on earth. Companies have been formed to seek out this elephant boneyard, somewhere in the vast mysteries of the jungle, and bring back the millions of dollars in ivory it must contain. None of them ever got to first base. Well, perhaps it doesn't prove anything, but a bull tusker, sporting about \$275 worth of ivory was found yesterday in the hills of Travancore. And he was certainly dead or else the vultures have done him an awful dirty trick.

Forestry chaps were so excited, they sent out pathologists and anatomists to do an autopsy and see if the big bull really did die naturally. The boys put on rubber gloves and gas masks, shooed the vultures away—but not very far away—and started excavating. They reported that Jumbo had passed out from indigestion. Laugh that one off.

In Borneo no native will ever, under any condition, speak his own name. To even think of it gives him the heaves. In India no Hindu woman will ever, under any condition, name her own husband. Makes the gods sore, they say. They have to be careful about the gods when it comes to baby boys, too. They always dress them up like

Policeman of the Plains

JUST sixty years ago, Canada's far-famed R.C.M.P. was organized. The red-coated force was formed for the immediate purpose of demonstrating the strength of the Queen's soldiers to the Indians of Western Canada. Above is shown a typical "mountie" policing the plains of Western Canada, and inset is Maj. Gen. J. H. McBrien, leader of the force today.

girls, let their hair grow long and often call them girls' names. I must be a chink to let a Hindu do that, because most of the little gaffers go in the natural.

COBRA STOPPED TRAIN
When Kipling's "Kim" shuffled from under Zam Zamah, the big bronze gun which marks the centre of Lahore, he picked up the wooden begging bowl of a Tibetan Lama and started his pilgrimage to Amala. Today, at Amala, India's fastest and haughtiest train, the Frontier Mail, was deflected and held up by a black cobra.

The train, steaming toward Khyber, was abruptly stopped by frantic tugs at the emergency cord and panic-stricken passengers came tumbling out of a crimson compartment. Few Indians of any caste or class will tackle a cobra. Terror grips them at sight of one. They'd sooner face a man-eating tiger any day. So cries went echoing down the platform for station-master Ledlie, a red-faced Yorkshireman. A cobra, they screamed, was inside the compartment.

Club in hand, Ledlie came puffing up the line and poked carefully around among the bedding, pots, pans, bowls of food, and other kit of the Hindu traveler. He found no snake.

"Bolt of a lark, is it?" he demanded. "Getting funny, eh? Well, where is he?" "It was the strap on the bedding you saw. See, there is no snake."

He got out of the compartment to the engineer and stroled back to his office. From up the line came a shriek. The mail train ground to a stop again. Passengers in upcar and hulabaloo came tumbling out once more. Ledlie ran up the track; and from here on, let's read the official report of the Bombay, Baroda and Central India Railway for the first and only time their crack flier was ever held up by a hooded horror.

"The stationmaster asked all the passengers to alight and then, with a torchlight in one hand and an iron rod in the other began a careful search among all the baggage in the compartment floor, and at length discovered the snake behind a suitcase. He struck it with the iron rod, and the snake was bowled into a corner where Mr. Ledlie was able to kill it."

And in case you're wondering why I use up a lot of odds and ends to make today's story, take a look at the weather reports. And remember, this is midsummer in the hottest country on earth. Madras, 108; Benares, 112; Calcutta, 119; Bombay, 113; Delhi, 116; Gwalior, 122; Lucknow, 120; Peshawar, 117; Lahore, 122.

NOVEMBER POLL SEEMS ASSURED

Electoral Officials Not Yet Advised as to Date, Government States

Announcement by local electoral officials that September 18 might be the last monthly court of revision before the forthcoming provincial election was discounted in Government circles yesterday, when it was said the dates of nomination and polling have not yet been set.

Premier Tolmie declared the Government had not yet determined the dates.

Meanwhile electoral officials, who cannot prepare for a secret election, were proceeding on the assumption that final courts of revision would be held on August 21 and September 18. This, it was pointed out in provincial circles, was purely assumption.

If the assumption of electoral officials is correct, however, the date of polling will most likely be within the first week or so of November, as already predicted in these columns. Nomination precedes polling by three weeks.

The Government has already given a good deal of weight to the assumption that September 18 will be the last court, in that it has gazetted special orders dealing with August 21 and September 18 that need not have been immediately passed if further courts of revision were to follow. These dealt with the transfer of names from old into new polling divisions, consequent on redistribution of electoral ridings.

The orders implied urgency and suggest no great delay in the holding of the poll.

MANY ATTEND FINAL RITES

Late Joseph Wriglesworth Buried With Ceremonial Honors by Odd Fellows

Hundreds of friends paid a last tribute to the late Joseph Wriglesworth, pioneer of the city and past grand master of the Independent Order of Odd Fellows, took place here yesterday. A short service was conducted by Rev. Canon F. A. P. Chadwick in the lodgeroom of the Odd Fellows Hall, and brief graveside services were held by F. C. Dillabough, Acting Noble Grand, on behalf of the Independent Order of Odd Fellows, and by Henry Callow, P.D.C.R., for the Ancient Order of Foresters.

Mr. Dillabough, speaking at the chancel service in the Odd Fellows Hall, said that the late Mr. Wriglesworth would always be remembered for his nobility of character and strength of purpose. He was a fine worker and a true friend. "We will miss him in body, but his spirit will remain with us always," he declared.

During the service, Percy Edmunds sang "Oh, Love That Would Not Let Me Go." The date in the lodgeroom where the ceremony took place was marked with floral tributes from organizations and individuals.

After the service, the funeral cortege proceeded to Rose Bay Cemetery where interment was made in the family plot. Pallbearers were James Erick, P.G., I.O.O.F.; D. A. Henry, P.G., I.O.O.F.; W. H. Cullin, P.G.M., I.O.O.F.; A. Stewart, A.O.P.; J. J. Wilson, A. O. F., and A. Virtue.

Members of the Odd Fellows and Foresters' lodges attended the rites in a body. Among those at the service were Charles and William Wriglesworth, son of the late Mr. Wriglesworth, both residents of the city, also resident in this city, and Edward Wriglesworth, of Vancouver, a son. Mayor David Leeming, First Chief, Alex. Munro, Aldermen R. T. Williams, Andrew McGavin, W. H. Kinman and W. D. Todd were also present. The late Mr. Wriglesworth was born in Grimsby, near York, England, in 1840, and came to Victoria in 1862. During his seventy years' residence in this city he took an active part in civic affairs, being a member of the City Council of 1881 and one of the original members of the first volunteer fire department in the city. He was widely known as a water diver.

MEXICO ENJOYS BETTER TIMES

Prosperity Returns to Southern Country, Says C. L. H. Branson

Plenty of money in circulation, fewer beggars on the streets, an excellent airplane passenger service throughout the country and hundreds of fine roads already in use and under construction—this is the picture which C. L. H. Branson, of Victoria, brings back from Mexico, where he has just spent two weeks. Mr. Branson stated that general conditions in Mexico are far better than they have been for many years past. Money appears to be plentiful and living is cheap. Luxury is and a common thing, he said, but poverty is a rarity at the present time.

"The stores in Mexico City have a greater range than those in San Francisco and prices are a great deal lower," he continued. "The reason for this, of course, is that Mexico has only a low tariff and is able to draw the goods she wants from all over the world. This has been largely instrumental in bringing about the present revival of prosperity through giving her people increased buying power."

Mr. Branson also mentioned the tremendous amount of building that was taking place and the increased activity in mining. The latter is very noticeable since the rise in silver prices, since Mexico produces the greater bulk of the world's silver.

INTENSE HEAT CAUSES WIND

Victoria Cooler as Barometer Drops Through Interior of Province

Intense heat in the Interior, which has caused a sudden drop in the barometer, has brought about cooler weather on the Coast, where the barometer has risen since the wind shifted to southwest, F. Napier Denison, director of the Dominion Meteorological Observatory, stated yesterday.

The mercury reached a maximum in the standard screen of 72 degrees, compared with the August record of 91 degrees recorded on Tuesday. Although it was cool here yesterday, and the forecast for today is cool, moderate westerly winds, Vancouver and Nanaimo still suffered from the heat, the maximums there being 84 and 82 respectively.

At Prince George the mercury rose to 92, which is believed to be a record for that city, while in Kamloops it was 98 and in Nelson 98.

RAIL TRAFFIC IS INCREASING

W. C. Rupley, of Spokane, Tells of Improved Business in Northwest

"Railroads of the Pacific Northwest are now showing an increase of between forty and fifty per cent over business of six months ago, which is indicative of improvement of conditions all over the United States," stated W. C. Rupley, train dispatcher for the Great Northern Railway at Spokane, when interviewed last night, at the Dominion

Hotel. Mr. Rupley, with his wife, is visiting in Victoria for a few days. "Although this year's apple crop is far below average, which means less shipping, railroads have been able to hold their own, owing to more transportation of other goods and produce, recently," Mr. Rupley explained.

"The outlook for railroads in general, is better than was expected a few months ago, and the entire country is looking to President Roosevelt to lead the way to better times. The general attitude of the public is 'Roosevelt, at least, deserved chance' and he has the confidence of the people. Mr. Roosevelt's extensive programmes are looked on as experiments, and big jobs at best."

While the United States seems to be totally engrossed in its troubles, it still has time to inquire into the welfare of Canada, according to Mr. Rupley. "Greatest respect is held

in the United States for Canada's law and order," he concluded.

New Gas Mains Are Officially Opened At Plant Ceremony

Mayor Leeming and A. T. Goward Officiate—Reeves Witness High-Pressure System Commissioned, Giving Service to Municipalities

GREATER Victoria's new high-pressure gas mains were formally commissioned at a ceremony held at the Victoria Gas Company's plant, yesterday. Mayor David Leeming, Reeve William Crouch, Reeve R. W. Mayhew and Reeve Albert Heald were that set the compressors in action to boost the pressure and send gas flowing through the new mains that now supply the Municipalities of Saanich, Oak Bay and Esquimalt with this type of heating for the first time.

A. T. Goward, vice-president of the B.C. Electric Railway Company; G. M. Tripp, general superintendent; W. Dreaper, superintendent of the gas department, and other company officials met their worship at the gas plant on Pembroke Street.

FORWARD STEP
In welcoming the visitors, Mr. Goward explained that the laying of the new high pressure gas mains through certain portions of the city of Victoria and the bringing within the gas main area, for the first time, the municipalities of Oak Bay, Saanich and Esquimalt, indicated a decided step forward in the progress and development of Greater Victoria, and he had, therefore, asked the Mayor and Reeves, as the representatives of Greater Victoria, to witness and participate in a brief ceremony by which the new high pressure gas main system would be officially inaugurated.

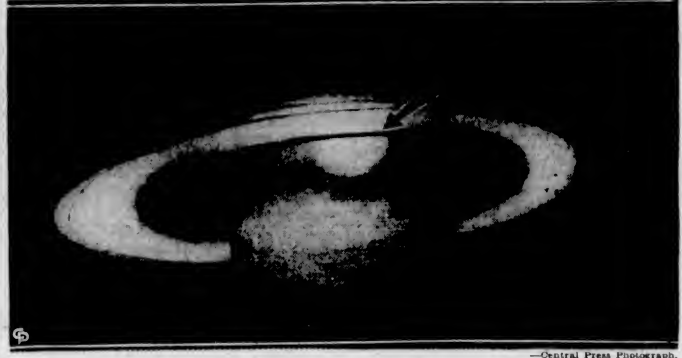

The visitors, under the guidance of W. Dreaper, gas superintendent, D. S. Mowat, foreman fitter, and W. G. Roach, work's foreman, were then conducted through the gas manufacturing plant. Beginning with the carbonizing plant they were shown each successive step in the manufacture of gas from the time the coal is automatically conveyed from the coal storage yard to the coal bunkers in the roof of the building, tracing its passage through

the white-hot retorts, its conversion into gas, coke, tar, ammonia, etc., and then through various purifying processes until it comes to the point where it is measured by the station meter and stored in the main holder ready to be sent out through the mains to all parts of the city and the surrounding municipalities.

NEW COMPRESSORS
Before asking Mayor Leeming to press the button and thus starting the compressors, Mr. Goward said: "I very much doubt, and possibly the fault is ours, whether His Worship the Mayor and their worship the Reeves ever have had an opportunity before to visit a modern gas plant and see for themselves not only how gas is manufactured, but how the by-products of coke, tar, ammonia, etc., are produced."

We pride ourselves on being very much of a home industry," continued Mr. Goward. "The original gas manufacturing plant was established on this site three-quarters of a century ago, 1860, and the industry has been in operation ever since. In those early days the company often had a hard struggle to main-

PREPAYMENT FOR 1933 GREATER THAN LAST YEAR
Collections to Date Amount to \$688,744, or \$13,044 More Than Was Collected During Entire Period of 1932—Bonds Are Selling Well

With two weeks to go before prepayment of taxes ceases, the city passed its 1933 total yesterday when collections have been reported to be \$688,744, which amount includes the interest earned on prepayments, but which is applied to the reduction of the tax bill.

Last year a total of \$675,730 was collected under the prepaid scheme, so that the city already is \$13,044 ahead of the figure for the whole of the 1932 period.

TAX REDUCTION
Interest on this year's prepayments is higher than at any other time since the scheme was inaugurated in 1922. The amounts already paid in interest, totaling \$20,067, will be applied to the reduction of the tax bill.

Last year interest earned by prepayments for the entire period amounted to \$18,310, while the 1933 total to date is \$15,109 greater than the amount of interest paid in the first year of operation.

NET INCREASE
Deleting the interest allowances, collections to date amount to \$668,707.02, as against \$592,633 for the same period last year, which makes the net increase in collections over the 1932 period \$76,074.

Mrs. C. Drury Is Called to Rest After Illness
Mrs. Charles Drury, widow of Hon. Charles Drury, of Barrie and Toronto, died yesterday in a Winnipeg hospital, where she was undergoing an operation. Her daughter, Mrs. M. W. Thomas, wife of Dr. Thomas, of this city, was with her mother when she passed away.

Mrs. Drury was well known here, having spent considerable time with her relatives since the war. At the time she was taken ill she was visiting another daughter, Mrs. John McDonald, of Tuxedo Park, Winnipeg. A third daughter is Mrs. V. D. Cottrill, of Kincardine, Ontario. Ex-Premier Ernest C. Drury, of Ontario, is a nephew. There are seven grandchildren. The late R. L. Drury, of Victoria, was a nephew.

What Today Means
If August 17 is the date of your birthday, the best hours for you on this date are from 8:30 to 9:30 a.m. from 2:30 to 3 p.m. and from 9 to 10:20 p.m. A native daughter of the province, she was born at Sandwick, and spent her life in British Columbia. Her long experience as a teacher, her kindly disposition and many charitable acts endeared her to thousands who were proud of the honor of her friendship. Children, now grown to manhood and womanhood, remember her kindly instruction and interest in them.

Miss Milligan is survived by four sisters, Mrs. Mary Cromie, Miss Nellie Milligan and Miss Rose Milligan, of Pasadena, and Mrs. W. W. Walker, of Ladysmith, and one brother, J. H. Milligan, of Sandwick.

POPULAR TEACHER PASSES IN SOUTH
Word was received in the city yesterday of the death at Pasadena, California, on Monday, of Miss Eliza Milligan, one of the best known and highly regarded of British Columbia's teachers. Miss Milligan, who for the past twenty years was on the teaching staff at Prince George, had been ill for several months, and went south in an effort to regain her health. She gradually declined and passed away there on Monday.

Kapoor Logging Co. Blaze to Be Used in "Crimson West" Picture

Although the forest fire in the Kapoor Logging Company's holdings at Sooke has been brought under control, approximately 100 men are being kept on the patrol lines to see that it does not spread.

Taking advantage of the lumber company's misfortune, cameramen of the Commonwealth Productions, Ltd., will go on location at the fire today to take some shots for a forest fire scene appearing in the picture "The Crimson West," to be produced by the local company.

Some 300 acres of slaking has been burned over, it was reported, and although for a time the blaze got into green timber, little damage was reported by company officials.

Outbound for Australia via Hawaii, Fiji and New Zealand, the Canadian-Australasian motorship Aorangi, Captain J. P. Spring-Brown, commander, sailed from Rutherford Piers at 7:30 o'clock last evening. The liner had a fair passenger list and a good cargo aboard. Among the prominent travelers sailing on the Aorangi were Mr. and Mrs. George Wood, whose recent marriage in London was an event of the summer season, and who are proceeding on a tour of the world, boarding the ship here; G. M. Greenwood, Melbourne wool merchant, and partner in the firm of Thomas S. Beaumont & Son; Frank S. Spencer, managing director of Meades and Anglo Suez Condensed Milk of Australia; and Herbert Tate, representative of Henry Jones and Associated Companies, dried fruit producers, who has been in Canada on an extended business visit.

Other travelers included Mr. and Mrs. E. N. Grimwood, of Melbourne, on their way around the world; Misses K. and M. O'Loughlin, of Melbourne; and Mr. and Mrs. Robert Bell-Irving, of Powell River, where the former is resident manager of the Powell River Company, going to Australia and New Zealand.

for the several excursions leaving Victoria yesterday being well patronized. The outing to Saanich Inlet and the Gulf Islands aboard the Ss. Princess Joan during the afternoon proved particularly attractive to a large number, while the Ss. Cruiser, out for the day, carried a full load. Hope Bay, where the annual show of North Pender Island was held, was the attraction which took many excursionists out to Swartz Bay and aboard the motorship Cy Peck.

Inbound from California ports, the City of Los Angeles, in the service of the Pacific Steamship Lines pending the re-commissioning of the H. F. Alexander, will be here tonight. The liner is due at 10 o'clock, with Island and Mainland passengers aboard. She will proceed to Seattle at midnight.

Bringing her usual Thursday excursion from Seattle, the Black Ball Ferry Ss. Tacoma is due here at 1:30 o'clock this afternoon. The Tacoma will leave here again on the return trip at 5:30 o'clock.

MANY EVENTS
FOR REGATTAAnnual Water Sports at
Astoria Bigger and Better
Than Ever

ASTORIA, Aug. 16.—Astoria, the oldest community in the Pacific Northwest, has plans nearing completion for the staging of the Northwest's oldest and largest water sports show, the annual Astoria Regatta, to be presented on August 31, September 1 and 2.

Over sixty registered outboard drivers have already entered the races, which will be sanctioned this year by the American Power Boat Association. Outboard racing over the wind-ruffled waters of the Columbia River presents one of the most thrilling spectacles imaginable. Spills are numerous and clever piloting is necessary to keep the tiny craft safely skimming over the difficult course.

Aquaplaning, swimming races, sail boat races, fish boat races, diving exhibitions, lifeboat drills by trained coastguard crews, deep-sea diving stunts, marine parades, fireworks, dances and recreational features of many kinds are included in the programme.

NOTORIOUS STREET
Famous Astor Street, once named in the same breath with the old Barbary Coast and the waterfront lanes of Alexandria, Egypt, will be brought back for a time in the "Pirates' Den" spectacle, one of the big fun features of the Astoria Regatta. Roulette wheels, faro layout, chuck-a-luck games, dancing girls and singing waiters who will rest their trays of foaming steins for a time to warble sentimental ditties of the gay old days, will be among the piquant den attractions.

In addition, regatta visitors will be offered all the attractions of the Clatsop beaches and excellent opportunities for golfing, fishing, and seashore recreation.

NOTICE TO MARINERS
Mariners are advised that South Channel spar buoy, No. 3, Nanaimo Harbor, is reported submerged. This buoy will be replaced as soon as possible.

Controversy Over Price of Chinese Eastern Railway Is Still On

Between Japan and Russia over the Chinese Eastern Railway purchase, the Japanese Ministry of Railways has conveyed the information to the Soviet Government that the railway has little, if any, economic value, according to Nippon Dempo.

Haggling has been going on between Soviet and Manchukuo delegations over the 50,000,000 yen price set by Manchukuo and the 250,000,000 gold rubles demanded by Russia. The Nippon Dempo report states that the Japanese Ministry of Railways, at the railway conference, secretly visited Chuzo Mitachi, Japanese Minister of Railways, at the latter's private residence recently, and requested the good offices of the minister in finding a solution for the great divergence between the Soviet and Manchukuo delegations over the sales price. The minister was quoted as stating that the railway has little economic value.

Japan has been acting in the position of an observer of the negotiations only, it was also stated.

Local Girl Is Favorite In Toronto

An article by Claire Wallace in a recent issue of The Toronto Daily Star reads as follows:
"You would expect a girl who can tote a gun and score two bulls-eyes out of three while you stand and watch her, to be very determined and decidedly mannish.
"Miss Gwen Spencer, of Victoria, B.C., only girl among hundreds of men competing at the Ontario Rifle Association meet at Long Branch this week, is just the opposite.
"In the first place, she is almost

a platinum blonde. Her wavy hair is golden blonde, instead of silver blonde, and that is the only thing which saves her from being in Jean Harlow's class for hair. She is medium height, with blue eyes which wrinkle when she smiles, and was wearing a blue felt hat with khaki breeches and coat, when we saw her this morning at the ranges.
"She was getting in some practice shots—and some very good ones—but came down off the range to talk—after expertly packing her kit."

SUBMIT REPORTS ON CONVENTION

Britannia Branch Delegates Give Resume of Canadian Legion Gathering Here

The general meeting of the Britannia Branch, Canadian Legion, held Tuesday evening, was well attended. The delegates to the convention submitted their reports, which were followed with keen interest by members present.

The main item of interest was the attitude of the Canadian Legion to the question of employment, considerable debate taking place in connection with this matter.

The president explained his views as a member of the provincial executive council, and these were confirmed by the branch.

RECEIVES TRIBUTE

E. W. Jones was specially mentioned and presented with a token by J. Neary, chairman of the transportation committee, in connection with his services in entertaining some of the delegates from the American branches.

L. G. Scott spoke very forcibly on the strength of the Legion and what it might accomplish if directed along proper channels.

The report of D. G. Holmes was presented in his absence, and this member expressed his surprise at the number of delegates who attended the convention, and added his appreciation of the American

delegates, who had spoken so cordially on the hospitality extended during their stay in Victoria.

SHIPS ARRIVE AT CHURCHILL

Grain Vessels Greeted With Cheers and Whistles as They Dock

CHURCHILL, Aug. 16 (CP).—Two ocean steamers and a tug docked at Churchill today and a third ship from overseas was expected momentarily.

Amid brilliant sunshine, the Thomas Walton, from Montreal, docked at 8 o'clock this morning. The Brandon was escorted into the harbor at noon and the Rio Clara, her smoke already visible on the horizon, was due shortly. Scarcely a ripple disturbed the waters as cheers and whistles greeted the newcomers.

The Thomas Walton proceeded at once to get rid of her water ballast and will now take on her wheat cargo for a United Kingdom port. Besides the Rio Clara, the Sierenz was expected to dock by nightfall. The Government sea-going tug, the Ocean Eagle, docked today on her return from Hudson Straits, where she towed a lighter loaded with 200 tons of coal.

The Hudson's Bay Company's vessel, the Naicople, set out prior to the arrival of the Thomas Walton for Hudson Straits and Ponds Inlet.

SEMI-FINALS REACHED IN SENIORS' GOLF MEET

DIG FIELD WILL SEEK OPEN GOLF

Low Scoring Marks Practice Rounds—Mortie Dutra Has Sub-Par 18

TORONTO, Aug. 16 (CP).—Mortie Dutra, of Detroit, older member of the golfing world, stormed over Royal York course today in his preliminary workout for the Canadian open title tomorrow to post a par-crashing 69 to equal the course record established some years ago by Horton Smith, Joplin "Ghost."

"It was Dutra's first practice round and caused him to remark: 'Wish I had saved that score for the championship; but maybe luck will be as kind to me tomorrow.'"

Following close behind came Johnny Farrell, of Mamareneck, N.Y., who gave further proof he is on the come-back trail with a sound 70, one under perfect figures.

SOMERVILLE TO PLAY
Most of the field of 150 that will start the 72-hole search for glory at 9 o'clock tomorrow morning were here feeling out the ground today, including Gene Sarazen, favorite because of his performance in winning the P.G.A. and Joe Kirkwood, trick-shot artist, "Sandy" Somerville, United States amateur champion, Willie Goggin, runner-up in the P.G.A., and George Von Elm, who went around the tough course in 72 strokes, just one over par.

Eighteen holes are to be played tomorrow and another eighteen Friday, the players within twenty strokes of the leader going into the final 36-hole round Saturday.

Several Canadians, among them Somerville who beat the best United States amateurs in 1932, where given a good chance to bring back a title a Canadian has not won since 1914. Willie Lamb, Toronto, outstanding pro after his victory in the Canadian P.G.A. Monday, led the native money players into the fray.

Remember When

(Twenty-Five Years Ago)

Cricketers of the North Pacific coast have their eyes on Victoria this week. A tournament, in which eight representative teams are competing, opened yesterday at the local pitches. Three matches were played, although in each instance the beaten eleven had decisive scores rolled up against them. At the Beacon Hill grounds, the Victoria team, which had been defeated by the Portland and Vernon teams engaged in combat, with the result that the Oregon side carried off the honor by a narrow margin. The Victoria team, which had been defeated by the Portland and Vernon teams engaged in combat, with the result that the Oregon side carried off the honor by a narrow margin. The Victoria team, which had been defeated by the Portland and Vernon teams engaged in combat, with the result that the Oregon side carried off the honor by a narrow margin.

W. H. Adams won the trap meet at the Willows yesterday with a score of twenty-four out of a possible twenty-five. The local clay expert had his short shot with hip and riddle missed the flying birds. Level won second, followed closely by Lenfety, Stevenson and Lohrman. There were 2000 birds trapped and twenty-one competitors took part.

Interesting bowling featured the intercity match held last night between Victoria and Vancouver. Considering the fact that four of the five men on the Mainland squad were members of the team that captured the Canadian championship not long ago, the Victorians put up an excellent battle before losing by a close margin. The locals won the first match but dropped the next two by close results. The teams follow: Victoria, W. Williams, R. Townsley, G. Pirie, J. Lawry and I. Graham; Vancouver, R. Scott, A. E. Halstead, H. V. Sharnes, C. W. Stears and R. H. Gilburn.

Royal Colwood Whips Macaulay In Golf Match

Royal Colwood defeated Macaulay in an intercity match at Colwood by 13-12 to 13-12. The winners scored 12-12 points in the singles to the losers 7-12, while Colwood netted 14 in the fourballs against Macaulay's 6.

GLASGOW, Scotland, Aug. 17 (CP).—Third Lanark defeated Kilmarcok 2-1 today in a First Division Scottish Football League fixture played on Third Lanark's grounds.

Playing in Seniors' Northwest Golf Tournament

PICTURED above are a large number of the veterans who are taking part in the eleventh annual Seniors' Northwest tournament, now in progress at the Victoria Golf Club. This event annually attracts some of the most prominent business men of the Northwest, and is always keenly contested. The members range from fifty-five years and up. Included in the above photograph are, standing, left to right: B. Earling, Captain McGillivray, Senator J. H. King, H. S. Griggs, Judge M. A. Macdonald, C. H. McCoy, F. C. Rippe, J. J. Dempsey, J. H. English Girl Loses to Mrs. Lamme in Straight Sets—Dorothy Round Wins

FOREST HILLS, L.I., Aug. 16 (CP).—Virginia Cross and Mrs. R. H. Morris, of Providence and Boston respectively, were too much for Canadian hopes in the opening round of the doubles of the women's national championships today. They defeated Beatrice Symons and Jean Burritt, Toronto, 7-5, 6-3.

The seeded list today sustained a slight casualty when Joan Ridley, night.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON
The Tallest One-Room House—Inside of a giant redwood in Lilly Redwood Park, California, an enterprising homebuilder has constructed a room 25 feet wide and 25 feet long, with the roof running up to 250 feet. Many years ago the centre of the tree was burned out to a height of forty feet, leaving only a comparatively thin shell to support the towering trunk, and the fact that it is still alive and growing is one of the marvels of the redwood forest.

Pangborn—There are few remarkable achievements of aviation in which Clyde Pangborn doesn't figure in some way. Pangborn has been flying continuously for over sixteen years, and in that time has piloted a log of 13,500 hours in the air, holds many first records of stunts and accomplishments, and has carried over 200,000 passengers—all without a major crack or injury to a passenger or himself. At times when "Pang" was barnstorming his passenger list ran up into the hundreds for a single day's work.

Calgary Marksman Wins Brier Shoot At Ottawa Ranges

Sgt. Iddolls Captures Important Event With 49 Out of Possible 50—Hamilton Shot Wins Life Members—B.C. Men Well Up in Prize Money

By HARRY ECKLES (Canadian Press Staff Writer)

CONNAUGHT RANGES, Ont., Aug. 16 (CP).—Sgt. C. E. Iddolls, of the 13th Machine Gun Corps of Calgary, put on a fine exhibition of marksmanship today, to take the honors in one of the greatest matches of the Canadian "Bisley."

Despite a broiling sun that brought a tricky mirage to the targets, and a stiff westerly breeze, Iddolls scored 49 out of 50 at 300 yards, and came back to the 600-yard distance to mark up a perfect score of 50, for a total of 99. It brought him the first

money award of \$100—second only to the senior-General's match—and the silver medal.

As the big annual meeting of the Dominion of Canada Rifle Association reached the half-way mark today, honors were widely scattered.

HAMILTON SHOT WINS
Hamilton shots figured largely in the day's events. Sgt. A. G. Campbell, of the Argyle and Sutherland Highlanders, won the shoot-off in the match, putting on a great score of 49 out of a possible 50 at the longest range of the whole meeting—1,000 yards. He won the silver medal and \$20. Then Iddolls, Col. W. Gibson, of Hamilton, won the shoot-off in the Patterson Cup in the Bankers' match, and young Cadet D. R. Luff, of Hamilton, won the shoot-off in the Douglass match. Kiddle put on three bulls and two inners, 23, and Probyn one bull and four inners, 21, so the MacDougall Challenge Cup and the D.R.A.'s silver medal went to Kiddle.

Nearly all marksmen in camp started in the Macdonald Brier match, which yielded more than \$1,200 in prize money. No one equaled Iddolls' score, but youthful Cpl. R. D. McLeod, of Saint John, put on a 98 to take the bronze medal and \$75. I. M. Grant, of the Calgary Canadian Air Force, Vancouver, got \$25.

Next best to Campbell's 49 in the Life Members' was Sgt. T. A. Jensen, of Calgary, who a week ago took first money in the Lieutenant-Governor's match at Long Branch.

Ont. Jensen scored 47 to win second prize and \$18, and Lieut. Desmond Burke, of Ottawa, shooting with consistent excellence, had 47 to take third.

B.C. MEN WELL UP
In the Macdonald Brier match, ten shots at 300 and 600 yards, A.C.Q. I. M. Grant headed the British Columbians, taking fourth place with 97. Scores of 91 were in the prize list. Other British Columbia men listed are: Cpl. B. W. Beaumont, 95; Sgt. T. R. Davies, 95; Cpl. Rasmussen, 94; Sgt. J. H. Regan, 94; Cpl. H. L. Taylor, 93; C.Q.M.I. W. H. Wood, 92; Capt. D. Fyvie, 92; Lieut.-Col. R. M. Blair, 92; Sgt. A. E. Ashe, 92.

In the Life Members' match, ten shots at 1,000 yards with quick changes, Sgt. A. E. Ashe headed the British Columbians with 45. Others in the prize list are as follows: A.C.Q. I. M. Grant, 44; Cpl. H. L. Taylor, 42; Cpl. A. H. Greenwood, 42.

HAMILTON SHOT WINS
Hamilton shots figured largely in the day's events. Sgt. A. G. Campbell, of the Argyle and Sutherland Highlanders, won the shoot-off in the match, putting on a great score of 49 out of a possible 50 at the longest range of the whole meeting—1,000 yards. He won the silver medal and \$20. Then Iddolls, Col. W. Gibson, of Hamilton, won the shoot-off in the Patterson Cup in the Bankers' match, and young Cadet D. R. Luff, of Hamilton, won the shoot-off in the Douglass match. Kiddle put on three bulls and two inners, 23, and Probyn one bull and four inners, 21, so the MacDougall Challenge Cup and the D.R.A.'s silver medal went to Kiddle.

Nearly all marksmen in camp started in the Macdonald Brier match, which yielded more than \$1,200 in prize money. No one equaled Iddolls' score, but youthful Cpl. R. D. McLeod, of Saint John, put on a 98 to take the bronze medal and \$75. I. M. Grant, of the Calgary Canadian Air Force, Vancouver, got \$25.

Next best to Campbell's 49 in the Life Members' was Sgt. T. A. Jensen, of Calgary, who a week ago took first money in the Lieutenant-Governor's match at Long Branch.

Ont. Jensen scored 47 to win second prize and \$18, and Lieut. Desmond Burke, of Ottawa, shooting with consistent excellence, had 47 to take third.

Sons Blank Clubmen to Tie Up Race for Senior Amateur Baseball Pennant—Lloyd Cann Allows Only Three Hits in Five-Inning Encounter

LEAGUE STANDING	W.	L.	Pct.

Sons of Canada	10	8	.556
Slingers	7	11	.393
Tillicums	7	11	.393

SONS of Canada stepped up another notch last night by right of a 6-0 win over Tillicums, and finished off the Senior Amateur Baseball League schedule sharing top place honors with Cameron's Lumber. In all probability a play-off for the premier berth, which goes a bye in the final series, will be played Friday evening at Royal Athletic Park between the two teams. Play ended at the fifth inning.

Although the Sons did not display sensational ball, nor make terrific drives, they played consistently and repeatedly hit the pitching of Jones for the Tillicums. At no time during the game did the Tillicums even threaten to usurp the Sons' command of the play. Tillicums appeared not to be the same fighting squad that ranked high up the standing two weeks ago. They fumbled scratch hits and swung at everything Cann offered them. They garnered only three hits against their opponents' eleven.

SONS FILL BASES

Sons went to bat first, and Kim Campbell, lead-off man, reached first base on a fumble by Gibbons at short. Haines was struck out and Campbell went to third. Gibbons came in for a fly to put out a walk. Bases became filled when Holman crashed out a grounder which Jones, on the mound, was unable to handle. Hope for a score were blasted, however, as Barnes struck out to retire the side.

Fleming, of the Tillicums, came to bat and cracked the ball to the north fence for a two-base hit. Stipe, Down and Gibbons, however, fell easy prey to the Sons, and Fleming died at second.

Second inning for the Sons closed with one run for them by Webster, who scored on a single by Campbell. Webster was given a walk and stole second. Running before a Campbell hit, Webster was lucky to reach home, as Chapman made a grand throw from left field to Down at the plate. Haines hit a single and managed to steal second. With a throw out on a grounder by Bacon the side retired, leaving Campbell and Haines on.

Holman increased the score for the Sons in the first half of the third inning when he raced home while Down languidly picked up a passed ball.

No opposition was encountered from the Tillicums in the third stanza, with only four men facing the pitcher.

SCORE TWO IN FOURTH

Two runs, bringing the score to 4-0, were brought in by Cann and Bacon in the fourth inning. Cann safely hit to first, and was advanced to second on a sacrifice bunt by Campbell, who was playing a good game. Haines hit a single and Cann reached third. Bacon again came through with a hit, and Cann scored. Gandy, batting in place of Doherty, lined out a two-base hit and Bacon went to third. The run by Bacon was chalked up when Holman connected. Barnes was called out at first to retire the Sons.

In the fourth, Tillicums looked good for a score when Lynn Patrick outsmarted the Sons to make his way to third base, but he was left there when his teammates failed to connect with Cann's pitching.

Seniors Try Hand in Putting Competition

A SIDE-LINE of the annual Seniors' Northwest tournament is the daily putting competition, and every member figures it to be one of the events to win. After eighteen holes of golf, the putting competition is a big attraction for the veterans, and many wagers are won and lost. Yesterday, The Colonist cameraman snapped the above picture as some of the veterans were trying to get them down. The Seniors' tournament is now in progress at the Victoria Golf Club.

AMERICAN LEAGUE

ST. LOUIS, Mo., Aug. 16 (AP).—While Lou Gehrig was tying the major league "durability" record by playing his 1,307th consecutive game for New York Yankees today, the Yanks took a terrific beating from the Browns. The final score was 13-3, and the defeat, coupled with Washington's victory over Chicago, sent the Yanks down six and a half games behind the league leaders.

Batteries: Devena, MacFadden, Uhle and Jorgens; Wells and Hemmings.

Senators Win Again

CHICAGO, Aug. 16 (AP).—Washington's high-flying Senators kept up their swift pace today by taking another 5-1 decision from Chicago. White Sox, and extending their winning streak to eight straight. Earl Whitehill accounted for his sixteenth victory of the season.

Tigers Nose Out Sox

DETROIT, Aug. 16 (AP).—Detroit made the best possible use of seven hits today and defeated Boston 6-5 to take a one-game edge in the current series.

Marty McManus, manager of the Sox, was banished in the first for protesting a ruling that Gerald Walker was safe at third on a steal. Walker was safe at third on a steal.

Indians Trim A's

CLEVELAND, O., Aug. 16 (AP).—Successful singles by Porter, Claess and Averill in the ninth inning gave Cleveland Indians the winning

LOU GEHRIG

run today as the tribe gained a 5-4 decision over Philadelphia Athletics.

NATIONAL LEAGUE

PHILADELPHIA, Aug. 16 (AP).—A home run by Jimmy Collins, St. Louis Cardinals' first baseman, in the twelfth inning of a hard-fought first game spoiled the Phillies' chances of taking both ends of a double-header today. Philadelphia lost the first game, 7-6, but won the second behind the shutout pitching of Austin (Cy) Moore, 2-0.

First game—

St. Louis..... R. H. E.
Philadelphia..... 7 14 1
Batteries: Grimes, Walker, Haines; Carleton and Wilson, O'Farrell; Ragland, P. Collins and Davis.

Second game—

St. Louis..... R. H. E.
Philadelphia..... 0 8 0
Batteries: Dean and Wilson; Moore and Todd.

Giants Shut Out Reds

NEW YORK, Aug. 16 (AP).—Hal Schuchman served up a 5-0 victory for the league-leading New York Giants over the last-place Cincinnati Reds today, pitching five hitless innings.

Cubs Go Under

BOSTON, Aug. 16 (AP).—Eighteenth inning attack on Bud Tinning and Leroy Hermann, recently recalled from Los Angeles, gave Boston Braves six runs and a 6-1 victory over Chicago Cubs today. It was the tribe's second straight from the National League champions.

Chicago

Chicago..... R. H. E.
Boston..... 1 8 1
Batteries: Tinning, Hermann and Hartnett; Frankhouse and Spohrer.

Split Twin Bill

BROOKLYN, N.Y., Aug. 16 (AP).—Brooklyn Dodgers and the second-place Pittsburgh Pirates divided a pair of oddly assorted games today. A combination of Danny Taylor's home run hitting and Van Lingle Mungo's pitching gave Brooklyn the opener 2-1 in eleven innings, then the Pirates came back to slam out an 11-7 victory.

The even break cost the Pirates

a half-game in their race to overtake New York Giants, who won a single game.

First game—

Pittsburgh..... R. H. E.
Brooklyn..... 2 6 1
Batteries: French and Orace; Mungo and Lopez.

V.C. WINNER AT OTTAWA RIFLE MEET

Corporal Konowal Acting as Batman to Officer—Won Cross at Lens

CONNAUGHT RANGES, Ont., Aug. 16 (CP).—There is one V.C. among the more than 500 military marksmen here for the annual meeting of the Dominion of Canada Rifle Association, but he is not shooting.

Corporal Philip Konowal, formerly of the 47th Battalion of Vancouver, and now of Ottawa, is batman to one of the executive officers. He treasures at the bottom of his bag a dark, little insignificant-looking cross with a purple ribbon, the highest British award for valor that can be gained.

Corporal Konowal in 1917 was recognized as one of the great British heroes in the war. He is still one of them, but times have changed and Corporal Konowal, out of work and with a wife and family in Ottawa, is grateful for the temporary employment afforded by the big shoot here.

JOINED UP EARLY

He is a Russian, but he came to Canada before the war, and when the Empire called, Konowal was one of the first to go.

Corporal Konowal won't tell you much about how he won the V.C. At Lens, following Hill 60 on August 22, 1917, he was leading a section party mopping up the cellars of Lens. These were linked by German tunnels. He went ahead of his party into one of the tunnels and encountered three Germans, who saw him alone and started to do

Security Prices Decline Again at New York Mart

NEW YORK, Aug. 16 (AP).—Financial markets slipped and fell today, but with some late support, managed to get back to their feet and resume their limping jog along the pathway of uncertain prices. Stocks suffered losses of from 1 to 2 or more points at the close, although during the unexpected spill, declines ran as high as 5 points.

Released from their minimum price "peg," grains at Chicago yielded the full amount permitted for a single day's fluctuations. Cotton was weak, too, most of the day, but final declines were held to around \$1 a bale. Secondary bonds generally followed stocks.

Bulk of transfers in the share market was sandwiched in the mid-day hour when selling was heaviest. Total volume amounted to 1,803,620 shares, or about double that of yesterday.

ANSWER TO YESTERDAY'S PUZZLE

CHEATING CHEATERS!

One of the most interesting words in modern English speech, considering its implications, is "cheater" or "cheat." We have the word from the old English *escheat*—whereby hangs a tale.

Under English feudal law all land reverted to the Crown in default of heritable heirs—in other words it escheated (from the Latin *excheat*—to fall away). And the officers who had charge of the interests of the Crown in matters of land that should so pass to the King, were called "escheaters."

There is food for the imagination in contemplating the honesty of these men whose name came to be synonymous with "thief."

Tonight," the Universal production

now at the Dominion Theatre, is

a well known favorite of the Eng-

lish musical comedy stage, and has

also appeared in America. He is

equally at home in straight comedy,

singing and dancing roles and puts

over one of the hit numbers of "Be

He is the husband of Jessie Mat-

ting Stanley Lupino, will also be

shown for the last times today.

Playhouse Shows

Brilliant Drama

A realistic saga of multi-million-

aire fathers who ruin their children

by too much indulgence and luxury

is made in R.K.O.-Radio Pictures'

"Sweepings," starring Lionel Barry-

more.

The film, coming to the Playhouse

Theatre today, is a screen version

of Lester Cohen's novel, one of the

same title, and pictures the

fulfilling of a man's terrific effort to

give his children everything.

In the title role, Barrymore builds

a great merchant structure from an

humble beginning in a lively style,

gives his children every advantage

his millions can buy only to have

them laugh at his ambitions for

them in the end.

"The Blonde Captive," a record

of Dr. Paul Whittington's expedition

into the wilds of Australia, is the

added attraction at the Playhouse

Theatre. It combines entertain-

ment and educational value, and

besides being indorsed by various

government and educational groups,

is one of the most fascinating,

thrilling pictures of its type ever to

reach civilization.

The comedienne discovered this

one day recently when she and

Slim Summerville were making

scenes in a great Chinatown street

setting in Hollywood for "Out All

Night," the uproarious Universal

comedy in which they are now

playing at the Columbia Theatre.

Between scenes Miss Pitts at-

tempted to converse with a num-

ber of Chinese women who were

appearing as "extras," only to find

that the Celestials spoke no Eng-

lish. Adopting a new tack, the

wistful Miss Pitts finally got along

fairly well with the aid of her ex-

STUDY SATURN
BY TELESCOPE

The Summer sessions of the local
centre of the Astronomical Society
of Canada continue to hold the
interest of an earnest group of
students, and about fifteen attend-

ed the field-night held Tuesday

evening at H. Boyd Brydon's pri-

vate observatory, 2800 Oak Bay

Avenue. An excellent view of the

planet Saturn was secured with the

two-inch telescope, and other con-

stellations were studied with ad-

vantage. Owing to the poor visi-

bility in the lower part of the sky,

due to the forest fires, study of the

great nebula in Andromeda had

to be postponed for a later evening.

Members who had gone out to

view the annual appearance of the

Persids on two or three evenings

last week, reported their observa-

tions, one stating that in half an

hour on Friday evening he had
